### OLD BUSINESS AGENDA ITEM NO. 1: Discussion of Extraordinary Items

**DISCUSSION:** There were two items of business on the agenda for the November 2020 meeting and both were tabled.

The first item of discussion was with regard to the consideration of a COLA or bonus for city employees. City Manager Kim Foster stated that due to her absence at the November meeting she is not privy to the conversation that was held during the meeting. Ms. Foster stated on July 1, 2020 employees received a ½ percent pay increase to offset the increase of health care premiums. The decision was made at that time to hold off with any further decisions for a true COLA for employees to see how the COVID situation would impact. Ms. Foster said "we are by no means out of that situation but our revenues have been much stronger than anticipated thus far." Ms. Foster added she has more of a comfort level moving forward with the increase. Ms. Foster stated that in her opinion if you don't keep some sort of cost of living adjustment each year, at some point and time as experienced in the past, we fall behind and then larger adjustments have to be made. City Manager Foster made a recommendation for a COLA to the level that the Board of Commissioners see fit.

Commissioner Tharpe inquired as to what was recently approved by the County for their employees.

**ACTION:** Motion made by Vice Mayor Jones, seconded by Commissioner Tharpe to approve a 1.5% COLA. City Manager Foster asked for clarification with regard to the effective date. The motion was amended to include an effective date of January 1, 2021.

**VOTE:** Unanimous

The second item of discussion was with regard to the purchase of a pumper truck for the Fire Department. City Manager Kim Foster stated that in 1994 two trucks were purchased at the same time. One of those trucks was replaced in 2017. Ms. Foster added that in recent months the oldest truck and the next oldest truck have both been in the shop. The repairs for these trucks are becoming costly. Ms. Foster said "we have a healthy fund balance, cash reserves plus we have received some COVID relief money from the federal government that has not entirely been spent. Chief Williams has been able to negotiate with the dealership and has been offered over \$9K savings as opposed to \$7K if a contract is signed within the next two to three weeks. The cost to purchase the pumper truck will be\$299K. As mentioned in the November meeting, once the order is placed, it will take close to a year for delivery. Mayor Gerrell asked when payment is required. Chief Williams stated the requirement to receive the discount is a pre pay/HGAC buy.

**ACTION:** Motion made by Commissioner Griffith, seconded by Commissioner Tharpe for the approval to move forward with the purchase of the pumper truck and to allow City Manager Kim Foster and Chief Michael Williams to sign all approrpiate documents.

**VOTE:** Unanimous

### NEW BUSINESS AGENDA ITEM NO.1: Financial Update

Our retail sales tax revenue was up for the sixth month in a row. September reflected an increase of 11.39% compared to last September and we are up 9.66% for the fiscal year-to-date.

The General Fund revenues were just slightly above expenditures for the month of October. However, revenues are still behind fiscal year-to-date. We typically have property tax revenue in October, but due to the delay in the State getting the tax bills out, those revenues will not be reflected until November. A few of the larger expenses in October were: \$32K for asphalt, \$8K for culverts, and \$54K for splash pad expenses.

Other Business:

**New employees:** One full-time (Parks Maintenance) **Voluntarily quit:** One part-time (Parks Maintenance)

We issued three business licenses in October:

New business: Tiny Blessings Daycare, Just in Time Towing & Recover, Steriplus Inc

### NEW BUSINESS AGENDA ITEM NO. 2: Appointments to Boards:

There were no appointments to boards for the month of December.

### NEW BUSINESS AGENDA ITEM NO. 3: Request to Acquire Portion of Undeveloped Alley

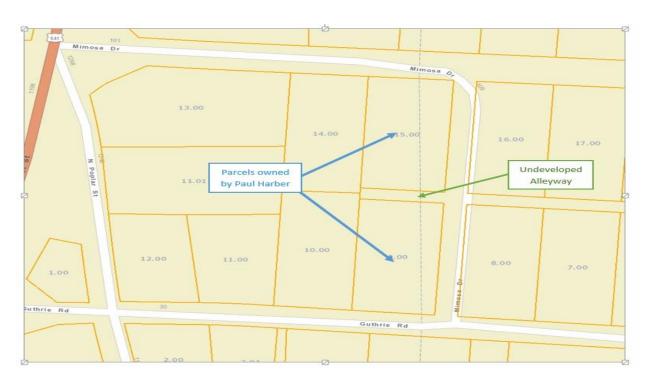

**DISCUSSION:** City Manager Kim Foster stated that Paul Harber made a request for the City to acquire the undeveloped alley. Mr. Harber owns two parcels of property lying on either side of the west end of an undeveloped alley running between Guthrie Road and Mimosa Drive. The purpose for Mr. Harber's request is to allow him to divide the two parcels into three for further residential development.

### Ms. Foster:

I would like to submit a request to the City Commission to acquire a portion of an undeveloped alley between Mimosa Drive and Guthrie Road. I currently own parcels 15.00 and 9.00 on both sides of the west end of the undeveloped alley. I would like to request the City Commission consider conveying this portion of the undeveloped alley to me. My intention is to divide the two properties into three tracts for further housing/residential development.

You consideration of this request is very much appreciated.

### Paul Harber

**ACTION:** Motion made by Commissioner Tharpe, seconded by Commissioner Griffith to refer to the Planning Commission for recommendation.

**VOTE:** Unanimous

#### NEW BUSINESS AGENDA ITEM NO. 4: Request for City to Take over Streets in a Private Development

**DISCUSSION:** City Manager Kim Foster stated that Greg Sherlock, owner of Terrace Woods Mobile Home Park located on North Market Street made a request for the City to take over streets in his private development.

Staff noted that it has been policy to not take ownership of streets or drives located within private developments.

Below is a copy of the request from Mr. Sherlock.

Ms. Kim Foster City Manager City of Paris 100 North Caldwell Street Paris, TN 38242

RE: Terrace Woods Mobile Home Park Park streets

Dear Ms. Foster,

I have had the great pleasure of speaking with one of your colleagues, Ms. Jennifer Morris. I had reached out to her to explore the possibility of the City of Paris taking over the streets in our mobile home park. At her suggestions, I am writing to you.

We had the pleasure of acquiring this property in 2016. I say "pleasure" as we looked at a great number of mobile home parks and my wife and I decided on this one. The community/City of Paris was key to our acquisition decision.

I am writing to request's the City's consideration of taking over the streets. I believe they would be referred to as curb and gutter, asphalt streets that are in good condition. There is roughly 2,600 linear feet of street. Each lot in the MHP has off street parking for two vehicles. In review of the City's street requirements for mobile home parks I believe we would be required to have 10 guest parking spaces. We have two at the present time. We could easily cure this deficiency should the City be in agreement to take over the streets.

Should you need any additional information please feel free to call or email me. My personal cell number is 303-829-0830.

Thank you in advance for your time and consideration of this matter.

Best Wishes

Greg Sherlock

**ACTION:** Motion made by Commissioner Griffith, seconded by Commissioner Tharpe to decline the request.

#### NEW BUSINESS AGENDA ITEM NO. 5: Request for Approval of \$25,000 Contribution to the PHCIC

**DISCUSSION:** Mayor Gerrell spoke briefly with regard to the Hwy 641 N. widening project. City Manager Kim Foster stated that the future widening phases have hit some snags with TDOT. The only way to be certain that future legs of this project are wider than three lanes is to secure a BUILD Grant from the US DOT which can be up to \$25 million. This what Kentucky was successful in doing which enabled them to begin their portion of the widening project. To write a grant of this scope and magnitude requires expertise and connections that we simply do not have locally. PHCIC Executive Director Rob Goad has tentatively come to an agreement with Bacon Farmer, Workman out of Paducah, KY to write this grant for us. This is the same consultant that Kentucky used when they were successful in getting awarded a BUILD grant. The agreement with this consultant also requires that they use the local engineering firm L.I. Smith to supplement their efforts. The consultant cost to write this grant will be not to exceed \$75,000. The PHCIC is requesting a contribution of \$25,000 from both the City and the County to go with the \$25,000 they will be contributing to cover the cost of this consultant.

**ACTION:** Motion made by Vice Mayor Jones, seconded by Commissioner Tharpe to approve the request for the contribution of \$25,000 to the PHCIC.
